“ I miss our euchre games already. Doug says you are the only reason that the two of you won. I still can't believe that you could play it alone and make it on almost no trump! And your pool playing skills, we would laugh because you could have the table cleared before we even made 1 ball in, but instead you'd let us think we had a chance to win! I don't know if it has really sunk in that you are walking with God in your Heavenly home, but I know we will all be together again. I love you and miss you. Rest in peace Daddy.
