“ *I worked with Ellie at IBM back in the '90s & we became friends as well as co-workers. A few years ago I sent out my annual Christmas letter to her and she phoned me and talked my ear off! I am living in New Hampshire now, having left IBM in 1999, but we always managed to keep in touch, if only once a year. I had no idea Ellie was 88, as she was always particular about keeping her age a secret. She was always 'young at heart' when I knew her. My condolences to all her family. I will miss her.*
