“ Pop Pop you were the funniest man I know and I was proud to be your granddaughter. You could always make me laugh. Your antics were something to be admired. Your "Walmart" shuffle is famous across the country because of you. So many people have earned your smiley face buttons as their reward for a good "shuffle". Let's not forget the honking horns, puppets, harmonicas, etc. you had in your arsenal. You are missed by everyone. Be at peace in knowing you were a great grandfather, father, and father-in-law to us all. "Ok Mommy!" - Elwood Spencer We love you! Laurie
