

Eric Miller

August 20, 1979 - September 1, 2024

Eric Miller, 45, passed away in Leesport, Florida September 1, 2024.

Eric was born in Philadelphia PA to Francis (Pat) Miller and Joan Miller (Rensman) on August 20, 1979. He was the youngest of two children. Eric graduated from North Penn High School in 1997 after moving to Lansdale, PA in 1986. He worked at various jobs in his younger years. In 2014, Eric moved with his father to Central Florida.

Eric is survived by his loving mother, father and brother, Scott Miller and his nephew, Justin May, as well as uncles and cousins.

Eric loved to drive and be with people. At an early age, Eric drove battery powered cars and then a go-kart and, ultimately, a regular vehicle but the love of his life was a 1969 Chevrolet Malibu they he took to car shows and cruise nights throughout the year. He fussed over his Malibu like it was a child.

Eric was born with incredibly significant health problems that spanned his entire life. He suffered for many of those years with various issues. Eric was a fighter and exceeded the doctors' projections in terms of his life span. Eric received a kidney transplant from his mother in 1990 and another in 2008 from a gentleman who came across our advertisement when we were searching for a donor. Jeff Hill is that incredibly selfless person who donated

his kidney to a person he only met a few times prior to the transplant. Eric needed dialysis for the last several years of his life.

Eric loved the many family vacations spent in Florida at amusement parks and the twice-yearly car show weekends in Wildwood, NJ, and other locations.

Eric was loved by his family and so many others. He was fun to be around, very sociable and had a humorous personality that brought endless laughter we all will continue to remember!
