“ One of God's great men is now in His presence. Pastor Morse was a wonderful Godly man that lived as he preached. He was the one pastor that my dad would listen to and I am so thankful for that. He walked the talk and my dad knew he was the real deal. May your family be comforted in knowing that he touched many lives in his time here on this earth. He was a much loved and admired man. You will all be in my prayers and I am blessed to have been a part of your church family while you were here in Skowhegan, Maine.

“ Dear Charlotte, We were saddened to hear of Rev. Morse's passing, but know that he is with his Heavenly Father for whom he served faithfully over many years. Still remember when he came to the house because he had heard that I worked with young people and that is all it took to get us back to church! We have many memories, but we remember our times of strawberry shortcakes at your place or ours. Our prayers and thoughts are with you. Lots of Love.

“ Dear Charlotte, et.al, Pastor Morse was there teaching my Sunday School class at Albion Christian Church when I came back from Camp Fairhaven in 1950 having committed my life to following Jesus. His support helped me get a good beginning toward discipleship. I think he also led my son, Peter, through his conversion experience. Memories are fond and long lasting. Blessings upon you all as you celebrate Pastor Morse's long life of service.

“ Dear Charlotte, We are saddened this morning on learning of Pastor Morse's passing. We recall his many messages over the years as he filled in for Pastor Grant in Waterville, ME. He touched so many hearts, including ours. We will forever remember his sense of humor... until we meet again in eternity. In His Love, Gary and Terry Craig

“ Our thoughts and prayers are with each of you at this difficult time. He was a wonderful person and a great man of God. Our family was richly blessed for all he did for our family. It has been quite a few years since visiting with you but we have not and will not ever forget all the wonderful times we did have with each of you. The Frederick Family
