“ I have just learned of Florence's abrupt departure from this life. Someone wrote she was an Earth Angel, yes she was and I am blessed I knew her. Thank you Florence for your healing Spirit in soul and body, Sharon

“ I was very fond of Florence. While tough and out spoken, I knew the gentle and kind spirit within. Florence was a giving soul. My heart, prayers and thoughts go out to her family and friends. I will miss seeing her and receiving her hugs. It does not seem possible she is gone from our presence, but Florence, I will see you in heaven!

“ I just found out that Florence was the woman I helped right after her accident happened. I was an EMT for 35 years and pulled up to the accident on my motorcycle just after it happened. We got the car open And I attended to her until rescue came. My prayers are with her and her family. ~John Bibas

“ Florence was my Monday morning wake up call, we laughed and cried as I spent time on her table. For almost ten years I enjoyed this angel, she was my friend and I miss her already. When God made Florence He threw away the mold, there never be another in my life like her.

“ My sympathy to all who knew her but especially her family and friends. This EARTH Angel was a radiant testimony of God's Word in action and deed. I only had the pleasure of her skill and openhearted conversation a handful of times but she left a lasting impression. She prayed for my family and I pray for hers now.

“ Florence was a truly wonderful person and friend. The world needs a lot more people like her. I will think of her every Wednesday at 3PM. That's when I got a massage from her every week for the last 12 years. She will be missed by everyone who knew her.
