“ Kenny and Family, We are so sorry for your loss. Growing up we always loved being around you and Florence. She was so much fun and was always happy and laughing. We were always so happy to tell our friends about her roller derby experiences and just a joy to be around.It is too bad we all lived so far apart but you were never forgotten. Take care Kenny and you are in our thought. Love Carol

“ I have fond memories of Florence. My earliest memory was when I was very little, we went to Florence & Kenny's apartment and they had a big boxer dog that seemed like he was bigger than the apartment at the time, perhaps because I was so small. She was the only one I ever knew that took part in the sport of roller derby. That proves what a strong woman she was physically and mentally. She was a care free easy going person, nothing seemed to bother her. At family get gatherings and visits over the years her presence was always enjoyed and she made everyone laugh. She was always fun to be around. May you all find comfort in your memories. "Perhaps they are not stars, but rather openings in heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy". “ Kenny and family - so very sorry for your loss. We remember Florence fondly; my daughter and I were there to visit last February and were so glad we saw you both. Florence was always a real firecracker and I remember all of the family gatherings in New York where our whole family would gather in Grandma Hasson's basement. I remember all of your children as infants and one particular boxer dog that I had to climb behind furniture to avoid :) Great memories and lots of love there. "We never lose our loved ones. They accompany us; they don't disappear from our lives. We are merely in different rooms." Love, Joye and Greg Rajkowski & Family
