

Gaige Brandon Pendergrass

August 20, 2010 - September 7, 2020

Our angel has earned his wings and made his way home.

Gaige Brandon Pendergrass made his way to heaven on Monday, September 7, 2020. Gaige was born with Mitochondrial Disease and was not supposed to live past the age of 2. Our superhero celebrated his 10th birthday on August 20th, what a blessing it was to have had him in our lives so long. He was a brave boy and fought hard all the way to the end. He made a lasting impression on our family and many people in his short life.

Gaige was predeceased by his sister, Abbie Sue. He is survived by his sister Keeley Alba, parents Brandon and Melissa Pendergrass of Eustis, grandparents Rex and Laura Pendergrass of Mount Dora, and many other family and friends that loved him dearly. We will forever miss his giggles.
