“ Michelle & Melanie, So very sorry to here about your dad ! We had so many great memories with your mom and dad and so much fun. The softball teams we played on, the bowling, the basketball games in our drive.... wow..... it does not seem that long ago. All our thoughts and prayers are with you and your families at this time. Gary was a super person!

“ We will certainly miss our friend and around the corner neighbor! We played left, right, center and Mexican Train and other card games but I think Gary liked I-r-c the best because he could possibly win money from the rest of us. he always complained that he never won but he cetainly did! I would tease him all of the time as I walked by about having only a short time to keep his nickels as I would be winning! He had told us a funny story about lost people asking for directions out of the village which he gave. He always made a point of telling them not to turn, but to drive straight ahead and they'd see the gate. Invaribly, they'd turn right and circle the block, glaring at Gary as they rode by his house yet again. So Al made it a point of stoping by every time Gary was out to ask how to get to the gate. Yes, he often went exactly opposite of what Gary said and the two of them would laugh about that! Although we were not long time friends, we were good friends and we will miss him dearly. Our thoughts and prayers are with Sue and all of his family. Ellen and Al Soucy

“ Sue, Michelle and Melanie, So sorry to hear about Uncle Gary but I am so glad I got to see him when he came to visit Ohio last year. I have great memories of all of us growing up and Uncle Gary was so much fun! I've missed him for the many years since he moved to Florida. I know he's in Heaven with Grandma and Grandpa now, probably enjoying a good round of golf and an argument! My thoughts are with you all.... Kelly

“ Gary will always be remember for his funny sense of humor and shocking remarks. He could tell a story that you make you laugh so hard you couldn't stand up. He always saw the humor in any situation. He was a good friend and great neighbor. We played Left Right Center, Mexican Train, and Sequence together. We shared recipes, trimmed trees, and he was always there for advice. He was a mister-fix-it and knew everything about these Villas. What would we have done without him. He could do anything, but cut a stright line. He was always there to borrow the necessary tool, part, or whatever. He was always battling with the birds to stay away from his beloved fish. On weekends he could be found outside gardening with Sue. So cute were the two of them to keep up their place. As an amazing golfer, we are in awe of Gary's ability to play that game. He and his foursome always managed to time their golf so they could get the cheapest beer spot at noon. So on Wednesdays and Fridays you knew where you could find Gary at noon. In addition to his persuit for excellence, you would find him in front of his house each Wednesday and Friday afternoon correcting the newest flaw in his swing with his adoring puppy, Mitze, looking on. Not to be outdone, his Christmas decorations were second to none. We think he should have won the award for having the most blow-up decorations a Villa lawn could hold. As a special friend, he will definitely be missed. Your dear friends, Wally and Louise

“ Dear Michelle and Melanie, I saw your dad's obituary this morning and just wanted you both to know how heavy my heart is for both of you. Death hurts our heart but we must rejoice in knowing that the one we loved is in a better place. When I think of Kathy I always know in my heart that it is not so much about my loss as it is about her Heavenly gain. This is where you need to go with your dad. He stopped to visit with me last year and we had a great conversation. I could always speak to your dad from my heart and considered him a good friend even though we have been separated for many years. I love you both and my prayers are with you. If you are ever in the area again Melanie I would love to see you. Bob

“ Melanie & Michelle our thoughts and prayers are with you and your family. Your dad was a wonderful and very funny man. He always treated Brian, myself, and Jake extremely well and we will never forget him. Each of you were very lucky to have such a sweet and caring dad. Mom, I know that no words can take the pain of losing Gary away. It was a shock to us all. When ever you get sad just think about Gary driving on I-75 and that should put a smile on your face. I know it does for me. I never laughed so hard as I did when Gary was around. Jake says he misses Grandpa Gary. Always know you are very much loved and we are always here if you need anything. I bet he is playing his best round of Golf ever in heaven!!!
