“ This week I had to say goodbye to my boss, mentor & friend. These last few years I have learned so much from him. He inspired me to even start a business if my own. I wish I had the chance to truly thank George for everything he has done for me because I know that I would not be where I am today if it wasn't for him. I don't think he realized just how many people and lives he touched while here on this earth. He may have been stubborn and sometimes mean but I will miss him immensely and never forget the knowledge he shared. George, it wasn't supposed to end like this but I do have to remember to be grateful that I know you are no longer in pain & suffering. I hope you watch over all of us, George. Until we meet again.
