“ *I first met Jerry about ten years ago when we were discussing a potential business transaction. My initial impressions were borne out as I got to know him better over the years - he was a genuine, caring and respectable person in all that he did. As a PSU fan, I had to swallow hard with regard to the FSU connection, but we could laugh about that. The thing I will most remember about Jerry is all the other lives he touched in a positive and uplifting way. I only hope that people will say the same about me some day. Jerry will be missed by all those he touched in any way. I pray for God's direction, comfort and peace for his family and close friends in this time.*

“ *My condolences to all of the Goldstein Family members. Although I first met Jerry 10-15 years ago through mutual business connections, I never was able to regularly interact with him until he joined the Confluent family. Most of my interactions with him were of the business variety and I found Jerry to be engaging, intelligent, and deeply committed to his company. I (virtually) attended his service today and was deeply moved by hearing the stories of his life from his family and friends. Jerry was obviously a very special and talented individual and he touched many lives. He will be missed. May he rest in peace.*

“ My condolences to the Goldstein family. I had dinner with Jerry and his wife several times during visits to Clearwater. He always was a friendly man, and I know, a great brother and business partner, to Bob. I'm so sorry for your loss.

“ Jerry and I worked together for 33 years and I became more than his employee. We became family. He was always there for me whether it was to listen, encourage or work through a problem. Jerry also became the subject of one of my papers I wrote for a business class. I'd like to believe he was proud that I chose him as an example of someone I admired in business. I will always treasure the FSU games that we attended together cheering on the Noles. I have never met someone as compassionate, trusting and caring as him. Jerry was my mentor and my friend. I will miss him more than words can say.

“ I met with Jerry and his beautiful wife, Carla almost 17 years prior. When Jerry was ready to go be with our Lord and I knew our miracle was not to be, only then, could I send this to him.

17 years ago at T-Bones we met, God had a plan I had not known yet.

I met this couple so true and dear, God gave me my job and said you are here.

The word Boss could not express, just how you made us feel, Integrity and honor you were the real deal.

You taught us by example every step of the way, with knowledge and wisdom you made us want to stay.

As I talk to my Lord Jesus I said I hope you know, my Boss Gerald Goldstein how much we love him so.

He led us with his passion and makes us to stand tall, this man with all these talents we just stood in awe.

A son, a spouse, a dad, a brother and a friend,

An uncle and a granddad,

the list that does not end.

Our Happy Birthday music that my Boss loved to play, the stories and the poems for secretaries day.

An attitude of gratitude for this man you let us know from here until eternity this man will make us grow.

Well done good and faithful servant are the words that you will speak, when you hold this giant of a man against your loving cheek.

“ Condolences to all the Goldstein family for your great loss. Within minutes of meeting Jerry during an interview for a job, I could tell he was a very genuine warm person and somebody I would be delighted to work alongside.

Over the years, I have seen his passion for the company he helped build and what always stood out was the love and care he felt for each and every employee. Few bosses share that attribute which made him a special person. He will be dearly missed and I hope we at LCR continue to make him proud of what he achieved. Kindest regards,
Daniel.

“ Jerry was a very special person in my life. Over 30 years ago Jerry trusted us (Emmett Sapp Builders) with a remodel project at his office in Leesburg. At the time we had very little experience but Jerry saw promise in us and felt we deserved a chance. We met almost daily on the project and as the project came together our respect for each other grew into a lifelong friendship. Over the 30 years of working with Jerry I have to mention the admiration I have for the relationship I witnessed from afar of the special relationship he had with his brother. If all brothers could love one another like these two guys this world would be a better place. I'll miss you Jerry but its time to rest my good friend in everlasting paradise. all brothers should . Since then we both

“ I had left the company for 3 months, to move. I worked remotely while I was gone. When I came back, Jerry had just had shoulder surgery, and wasn't supposed to be at the office. He made it a point to come back to my department and tell me how happy and thankful he was that I had come back to the office. He even showed me his surgery scar. He was the grandpa every grandkid wanted. He wrote poems every year for his administrative staff. I still have all of them. I have 14. So thankful to be a part of this, and so saddened that he's gone. He will be forever missed!

“ Jerry was one in a million, I spent much time at his home for the holidays and always made me feel so welcomed and loved. A better man there could never be. He put up such a brave front and is now together with his Mom and Dad in Heaven. I will miss you forever and think of you often. My heart is broken. Sincere Sympathy to his lovely wife Carla and beautiful daughters and grandchildren. How he adored them.
