“Dad, your life was blessing, and we are so incredibly grateful that we got to call you ours. Your kindness, generosity & unwavering love will forever live on inside of us and in our family. Our only wish is that we have made mom & you proud. We know your right where you've wanted to be for a long time, reunited with your "sweetheart." But what we wouldn't give to have just one more day to hear your voice and to see your sweet smile. Heaven has gained another guardian angel and another piece of our hearts. We will cherish and share the wonderful memories you and mom have given us. You're forever in our hearts until we meet again 💕 We love you & miss you, David & Melody

“Dad, you were the rock of this family and we miss you more than words can say! You had a heart of gold and just like momma, you never met a stranger. We are sure that you and mom have been reunited and you're both together again for eternity. We pray that she's as proud of her children, grandchildren and great-grandchildren as you were. Prayers to you both, our guardian angels and our fireflies. We love you and you will never be far away, as we have many great memories ❤️ All our love, Troy and Terri
