“ We were friends for almost 50 years. We would go to dinner, rides and trips. We spent many Saturday nights at my home or hers playing games and talking about everything and anything. She always beat me at Monopoly. I will miss her greatly. Lil

“ Mom and I were close from the first time we met. She was always so good to me and made me feel welcome. There is no one other than her that I would ever want to call Mom, other than my own. She called me every year on my birthday and sang to me. If I didn't answer she sang on my voice-mail. She also told me several times that Steve would marry me. The first time was not even two years after I met her. She also always called me her daughter- in -law and said I was the best. There really isn't enough words to praise her or to say how very much I will miss her...I Love You so much Mom...
