“ Glenn Neff hired 26 years ago as a service engineer his company and gave me my first professional opportunity after a brief phone and visit interview. I mentioned that I was ready to work hard and just by looking at me he gave me a job in the spot that started my current successful career. During my time working for him he always show me respect and kindness as he was a good person most of all. I (my family) will always be grateful to his guidance and initial help. Rest in peace boss,

“ A man who every father should mirror and every son grow up to be. Glenn was strong in mind and body, thoughtful when speaking, loyal, and incredibly gracious. I'm eternally grateful for his wisdom, patience, and trust he placed in me. My deepest sympathies to Janet, the Neff family, and anyone who was lucky enough to know Glenn.
