“ I am thinking and praying for you, Bob and family. I knew Bunny when we worked in the health care field. I always recall her smile and friendly personality to all. Then we attended the same church where she served others for years. Bob, you and the family, were dedicated care givers to her. Only you could give that personal loving care in a home setting. I am sorry I won't be at the service on 7/27/24, as I have previous obligations. I continue my prayers for your family. Love to you, Susan Norton Sapp
