“ Grandma I love you and miss you so incredibly much! Sorry I couldn't be with you till your last day but I was with you in mind body and spirit. You were a GREAT person and kind and loving. My wish is to be just like you and be so humble and kind as well as headstrong. I know you and grandma Brock are rejoicing together on a over due fishing trip. Just don't catch over the limit and enjoy your time. This isn't goodbye this is a see you later. I will see you again. I LOVE YOU !!!! We may be miles apart but you are always in my heart!
