Obituary of Hershel Tidwell

Hershel Tidwell left us suddenly for a better world Saturday, April 9th. Hershel is awfully missed by his wife of fifty-four years, his son, and his son's family.

Hershel, and Army veteran, always put the welfare of other people ahead of his own. He worked as a rehabilitation counselor, a psychological therapist and when he lost everything in a fire, found new close relationship in Dr. Ungson, his wife, and staff.

He is survived by a very large family. A sister, two brothers, an adopted brother Manuel Christi, a myriad of nieces, nephews and cousins.
