“ Jim was a gentleman, a gentle man, and a scholar. I often went to him for his advice and he always had the time to share, from his heart, and from his infinite bank of knowledge. Jim seemed to know a little about everything, especially if it pertained to chemistry. I was always amazed that he had an answer for me and if he didn't, he would help me find it. And I know his students would say the same. Jim is missed at the high school and will be always. Maryellen and the kids are in my thoughts and prayers. I wish you had all been able to enjoy more sunny Florida days together.

“*Sorry to hear of Jim's passing. I thoroughly enjoyed working with him at the HS here on MV. We both began teaching here around the same time and as "second career" people. He was a man of integrity. He was a man that fought the good fight, and did it in a truly astounding upbeat way. I miss him.*

“ I join with so many others who knew Dr. Kresel in offering our deepest sympathy on his passing. As a student, one might have said that Dr. Kresel was simply a teacher, but to me he was much more than that. He was a mentor, a role model, and most importantly, a friend. He was someone I could trust, talk to, and depend on. I thought of him as a grandfather or sorts and without him, I would not be in the school I am in today, nor have the major I have. I can never thank him enough for all that he has done for me. I can only pray that he now rests in peace. And although I only knew Dr. Kresel for a few years, the impression he left will remain with me forever. God Bless, and may the Florida sun shine for you on your day of grievance. May you find peace and comfort in knowing that your loss is felt by all who knew and loved him. In sympathy,
Douglas Fraser
