“ *James Osteen Family: My condolences to all of you. We'll all miss James and Mary. They left a good family. To those of you left, I pray that you will remember that blood is thicker than water and that you unite as a family during these times. James and Mary were proud of all of you. I remember the many times that I sat with James at his office and talked about old times. Now we need to look at the future and remember the legacy of the family. I will miss James and Mary.*
