“ *To all who knew and loved Jim Peters,*

*We are truly saddened by the news that Uncle Jim has passed. I will definitely miss him and his tremendous personality. He has been a happy part of my life and Jean (my wife) says his sense of humor was top shelf in her book, I agree.*

*Lately we haven't spoken much but the memories will not ever diminish. We Loved Uncle Jimmy and will miss him LOTS.*

*My wishes for the rest of his family is to grief as you need, but then remember the good in a good man.*
