“ I met Mr. Lane in rock springs trailer park he lived down the street from me and my son. Every day when he would get off work my son would get on his tri cycle and be sitting waiting patiently for him to turn the corner in his white truck. then they would "race each other" lol... "Dad" always had a smile on his face. He and his son Jim will be trully missed. I know its been years but i just found this. :(my condolences to all the family Love you Susie and Steven
