A courageous young man who touched many hearts and inspired others to do their best and to be thankful for life's blessings. Despite his obstacles Jeff never gave up and was always kind and supportive to others. He faced each challenge with dignity and accomplished so much despite those challenges. His intelligence, pragmatic thinking, sense of humor and ability to see the glass half full was just a few traits of his wonderful personality. To say he was special would be an understatement. The family were his rock but he was also their rock so I know their hearts are broken. He will always be watching over the people he loved.

Jeffrey, I was blessed to have been your sister for 38 beautiful years. You defied all odds and lived 20 years beyond what Drs predicted. We were so blessed to have all that extra time with you. You were my rock and my best friend not only my wonderful brother. To say you will be missed is an understatement. As I've told you before: "I love you always, and forever". You meant the world to me, there wasn't one part of my daily day that didn't involve you. You made the house lively. I will miss your quick wit, sense of humor, understanding sympathetic kindness you always showed, and all the things you did for me. You were so generous and I am forever grateful for all that you have done for me and taught me. This isn't goodbye, because we will be reunited together with all of our loved ones in heaven one day. You leave behind a beautiful legacy giving two people their sight back by being an organ donor. I love you and I know you are here by my side. Till I see you again fly high my sweet loving brother! I love you! 💕

Jeffrey, there's so much to say still. You inspired me in so many ways. You overcame any obstacle or challenge. You loved life. It was through your infectious positivity that you motivated me everyday! You were a true Viking Warrior and had so much strength inside of you! Forever your sister, I love you always and forever. May God hold you in his arms. 💕
