“ Her father dated my mother when I was a teenager. Jessika was kind, loving and one of the few who would stand up for me. Her father and grandmother failed her tremendously. She will always be remembered fondly in my heart.

Cameron,I want you to know your mom was the coolest person I ever had the chance to spend a part my life with. Very intelligent concerned for welfare of people she didn't even know, she would take money go out and find homeless people with children and give it to them for food or go buy food and stuff they needed. She sometimes had a tough row to hoe in early life but it didn't stop her goodness from coming out. I hope you get to read this.I met Jessica for the first time when she was 16. I have a lot of her personal stuff,if you want to find more I enjoy telling you about her.made something that was her's for a keep sake She loved all her kids and talk about you guys wishing things were different.352553-1606 call me if you'd like to.If any one reads this please let the young man know. Keep fighting the good fight. JOE RUSSO
