“ *Grandma, I miss you every day, it hurts to know that I wont be able to call you anymore. I know that you were always so proud of all of us because you made sure to tell me every time we talked. All of my kids also miss you so much and I am glad that they all had a chance to meet you and talk to you by phone as often as they could. I always made sure to send you pictures for you to put up on your refrigerator, I know how much you loved to look at all of your family's photos there. You raised all of your children very well and in turn they raised all of us grandchildren well and all the way down to your great great grand daughter. You knew that I would do anything and everything possible to help out anyone in our family, including the donations I sent to you for your church. I love you so much!!!! You will always be in my heart and I am proud of that fact that I am a part of you and nothing can ever change that.*
