“ My thoughts, prayers and condolences go out to all of you today, especially Jack(I know he goes by John, but I always called you Jack!). My sister(Julie) and I would have come to the service today, but we are down with the flu. I have so many fond memories of doing things as a family, at the skating rink and other numerous outings, when my Mom was dating John. I am saddened by his passing and glad to have known him as somewhat of a father figure as a child. I will cherish those childhood memories the rest of my life. I know that many others that grew up in Leesburg also have fond memories of John( many who thought his name was Don) and the skating rink. He touched the lives of many that will never forget all the wonderful days they had at Don's Skateland! Love to all the family, Page Copenhaver-Roush
