HE

“ My deepest and heartfelt condolences to the entire family, most of all to Portia. I have the utmost respect for this couple as I've known them for 40 years. Mr. Moffett has served as a role model and mentor to me most of my life but most importantly during the most formative years when going from a teen to a man. In fact, he was a father figure to me all those years. I will cherish all the memories I have with him... running in the gasparilla 5 k, teaching me all about construction and helping me with multiple home additions, spending an entire week of my vacation helping him build his house. You get to know someone real well working side by side with them. He taught me to always strive for perfection, measure three times cut only once .. oh boy did I hear that one multiple times (smile) he taught me hard work and integrity goes a long way. He made a great impact in my life. His memory will live on in our hearts and in our memories I stand forever grateful for having known you and your memory will live in my heart till my last breath. Rest In Peace Mr Moffett ....Harry Esguerra
