“ *We are sorry for Jim and Deborah Seasholtz' loss. Jack was my brother-in-law. He was a great brother-in-law. When I was 12, I was always jealous of Jack because I really adored my sister. When I was older, he stopped me from smoking. When my father had a stroke, he had my mother and father and myself move into his home in Marlton, NJ. Jack had my family stay with his family for a long time. As for me, Jack got me into the computer business by introducing me to people in the computer business. I have been in the computer business for over 43 years. We love you Jack and will always miss you.*
