

John Keith Warner

December 8, 1956 - January 26, 2023

John Keith Warner, son of the late Harold and Eleanor Warner went home to be with Jesus, his Lord and Savior on Saturday, January 26, 2023.

John was born on December 8, 1956 and lived most of his life in Bushnell, Florida. He enjoyed civil war memorabilia but his first love was serving His Lord and Savior Jesus Christ. John spent many years as a hanz operator for his father's many mission trips to Honduras. John also dealt with a crippling Heath condition known as Friedreich Ataxia since he was a teenager alongside his brother Philip who suffered from the same condition. But he didn't let that stop him from sharing his love of Christ with everyone he encountered. When he was able, John, armed with gospel tracts, would get dressed, climb into his wheelchair and journey the hallways in his care center to hand them out. There was one glaringly obvious thing about John that everyone who knew him noticed. Despite his disability, he never once complained. Instead, he maintained a consistent joy of The Lord, a great encouragement for all whom he met. To God be the glory for being pleased to use such a faithful servant as John Keith Warner.
