“ Dearest Jo Anne and Family I am so sorry for your loss but I know God is taking very good care of Jon now. My last visit with you and Jon made me so happy to see him before going away on our trip. I am very sad and disappointed that I am not able to be there for his memorial service because we are still up in N.Y. I had a very special bond with Jon and always enjoyed our lunches at the ramshackle. We would always tease the other shooters and come up with new rules and regulations when the guys would come up with ideas. Even though I didn't spend much time down at ( the way )when we would see each other I think we would just click together, almost thinking the same and love teasing the others. My only wish was that I had more time to spend my friend Jon. Mary and I will keep you and your family in our prayers. Tequila Ted

“ I met Jon many years ago at CNG when I was working on FERC and State filings for him and six other guys. I enjoyed working with Jon and he was always very supportive and encouraging. I have thought of Jon often over the years when thinking about my first days at CNG and the beginning of my career with them. I am sorry for your loss. Jon was a great person - always friendly - he will be greatly missed.
