“ *Judy was my supervisor at Leesburg P.O. I was hired in 1992 so she was my "boss" for many years. She treated us all with respect, fairness, and yes some mothering. Always there to encourage or to just lend an ear. I feel so blessed that she was there when I began my career and contributed to my feeling of pride for working for the USPS. My heartfelt sympathy to Judys family. When she spoke of you you could feel the pride and love! May precious memories and faith heal the pain of your loss. Sincerely, Carol Phillips*

“ With sympathy and Prayer for the family. Judy was one of the most beautiful people I have ever worked with. Her spirit was always uplifting and my heart was broken when I heard today the news that she had passed. I remember the last time I saw her was years ago and she asked me about my new life in South Florida. She will be missed by all at the Leesburg Post Office. May she rest in heaven now.

*Much love to the family

“ My sister-in-law, a gentle but determined spirit, extended one of the most beautiful kindnesses to me after the tragic death of my husband. When I chose to retire early, 6 months after his death, I had no immediate family in the area to invite to the retirement luncheon. Traditionally, all the retirees being recognized invited spouses, children, and even grandchildren. Unbeknownst to me, my supervisor knew Judy and I were related, so she called her and asked her if she would represent my family at the luncheon. I attended the luncheon with much trepidation as I was still so raw with grief. I looked up to see Judy enter the room and walk towards me. What a generous and kind person Judy was. She embraced me and said, "I am your family!"

Judy's passing has left an enormous hole in so many she touched. I hope her next journey is as adventurous as her life was!
