

Keeley Alba Pendergrass

July 17, 2012 - January 11, 2025

Keeley Alba Pendergrass grew her wings early morning Saturday January 11, 2025 while lovingly surrounded by her mom and dad. She was born on July 17, 2012 with a mitochondrial disease and fought with such bravery throughout her life. Keeley celebrated her 12th birthday in 2024. She loved the beach and listening to Taylor Swift. Keeley was happiest when mommy would read books aloud or when daddy strummed her favorite tunes on the guitar. Keeley was a bright shining star in our family and will forever be missed.

Keeley was predeceased by her sister Abbie Sue and her brother Gaige Brandon. She is survived by her parents Brandon and Melissa Pendergrass of Eustis and many other family and friends that loved her dearly.
