“ Even though Keith was a great boss, he was an even more amazing person. Keith had a huge heart filled with kindness and compassion.

Keith used to tease me about pulling freight and catching corners with my ladder cart. Even on a bad day, he could make you smile. Quick witted with a great sense of humor, nothing you said went over his head. He always had a great "come back", with a slight grin as he walked away.

All my condolences to his family and all those who cared about him. Rest in peace Keith. You will be sorely missed and never forgotten

“ Keith I do have to say when it came to those unloaders you were the one that always brought a smile on my face. Leave a joke every time as I would come up and give you a hug or I would tap you on the behind and call you lovely man. You would joke back with me and give me a hug every time you see me you were amazing person and caring and when I got sick you would always get a contact with me on Facebook or when you would see me out you would always check up on me and ask how I was doing. Knowing that you're passing is saddening but knowing that you went peacefully is reassuring that your soul is at peace in the hereafter. Those that you leave behind will have everlasting wonderful memories until the day that they see you again. To those you leave behind I understand your pain and your grief and your suffering and your sadness I have been there many many times before. But reassure yourselves that whenever you feel like you're down the memories of Keith will brighten your day and put a smile on your face and warm your heart that's meaning that he is there with you always until you rejoin him. You're all of my thoughts and prayers. Keith, rest in peace my friend. And you will never be forgotten!
