“ *Cousin Keith: It is now 1 year since your passing. I had always hoped that we would met again in this life. Truly it was a joy to have visited with you at your Mother's funeral and share some stories of when we all lived in the same house on Rensselaer St. Life is what it is, treasure the moment. Cheryl, it was an honor to have met your family, you are blessed to have them. Keith will always be remembered by me and I will look after his parents site. My sincerest condolences on your loss.*

“ Mr. Luby, words can not express the heartache that your friends and family are feeling right now. Today on Facebook I was completing a questionnaire. Question 33 asked if their was a teacher or authority figure who stood out most to you. It wasnt even a thought in my head of who I would write down. It was YOU, Mr. Luby. The math teacher who always kept me in my place. Not only were you a math teacher but you were an important figure in my life. You and my mother would come together to always make sure I was on the right path. After I had left the junior high I would still come and sit in your class room and do my homework or talk to you about my personal problems. You always had the best advice for me, although I was a smart butt you always saw past my hard shell and saw the beauty within. You always had a smile on your face and your laugh was contagious. I always loved being your favorite helper when it came to the projector screen.. Thank you for being a huge part in my life. I wouldnt be the person I am today if I didnt have you in my life. I hope you are moving like a hot knife through butter up there. Thank you for everything.

My deepest condolences to the family.

*Love your favorite student

“ I knew Keith from Little League up through High School at Shaker. Hadn't seen him since I graduated with him in 1965. I didn't know him real well but enough to know him as a fine person. May he rest in peace, and my sincerest condolences to the entire family.
