“ So sorry to hear Ken has passed. I worked with him for many years at AT&T and he was always the guy with the smile, funny stories, and such a great wit. He would often call me on my extension on stressful days just to make me laugh! That is what I will hold close to my heart and my memories of him. Also, he would often brag about his kids and especially about his wife and you could tell how much he loved each and every one of them. Rest in Peace, Ken

“ My condolences to Ken's family. Ken was a valued member of the HVAC department and I truly appreciated his practical sense and his humor. We always knew what was going on with the students because they enjoyed his company also. He will be missed.
