“ *Babe, I love you and miss you so very much. I am so mad at so many people and so many situations right now. You deserve so much more.*

You deserve for this page to be full of people talking about what a great man you are. But, I can promise you I will keep your memory alive and let people know that if they knew you, they were very lucky, and if they didn't, they missed out on one amazing man. I loved you then, I love you now and I will love you forever. I will live my life trying to fill your shoes and trying to make you proud of me as your wife and your best friend . I love you babe 💔
