“ I first met Lannie when I went to Florida to reconnect with Sue . She and Lannie picked me up at the airport and Lannie was so nice to me. I felt like he welcomed me as part of the family. He was kind man and loved his horses. I will always be grateful that Sue and her family had a great southern gentleman to watch over them. I could feel the love for Sue and Lannie from their grandkids. I wish I had known the family when I was growing up. Lannie Ride that beautiful horse to Heaven. Gif has a special place for you. God Bless.;
