“ I love Bazooka Bubble Gum. Weird eh? Well, let me tell you why, at the age of 65, I still love it.
Let's go back 62 years. Aurora, Illinois. Grove Street. 3 year old me. My big brother (Larry) would buy Bazooka by the handful from Raiders mini-store around the corner from our house. He was rarely not chewing it. He also loved his younger siblings and had no qualms about playing and hanging with us. That included hoisting me up to the handlebars of his bike and going for bike rides with him. Him and his Bazooka gum. Him peddling fast to make me giggle out of a combo of fear and sheer delight. The faster he peddled, the harder he breathed. And the smell of Bazooka would fill the air even going fast on his Schwinn. I'll never forget that experience and the delicious smell that is unique to that gum. I've bought a piece or two here and there over the next 6 decades out of homage to him and that memory.
By the way, when was the last time YOU had a Bazooka bubble popped on your face?? Go get you some. Make a memory and smile. Cheers big brother.

“ I met Larry when he was about 6 years old when he and the family moved in next door to us. We became good buddies and played together all the time. We walked to school together every day. Later he became my brother-in-law when I married his older brother, Dennis. I was so sad to hear of his passing but I'm so glad I got to see him in September and had a chance to visit with him one last time. Sending all My love and Prayers to all the family. I'm so sorry for your loss. Diane
