“ We were privileged to meet Larry when he began taking care of our business refrigeration needs. Larry always had a keen sense of humor and an optimistic attitude. We never knew for sure when he would stop by the Shamrock but Larry, being a most conscientious and caring person, would pop in to say "hi", crack a joke or two or three, and make sure the business equipment was taken care of! Larry was definitely a friend and always a delight to see! We will miss him dearly!
