I was a patient of Dr. Machado for 1 1/2 years. He was the only one that noticed my calcium level rising. He referred me to Norman Parathyroid Center where I had surgery. When speaking about him I always say he is the best doctor, caring and took time with me. I was looking forward to my appointment this Wednesday. Rest in peace Dr. Machado. Linda Klien

“ Dear Dr. Kerry-Anne Machado, I am very sad as I was today informed of the passing of your husband, Dr. Leonardo Machado. Please accept my most sincere condolences for yourself and your children. Dr. Machado has been my nephrologist for a number of years. During my first meeting with him he proudly informed me that his wife is my compatriot from Portland, Jamaica. He was always patient with me and took time to answer my questions and those of my son.

“ *Dr Machado was a wonderful man and physician., as those of us who had the privilege of working with him know. As a Case Manager, I spoke with him regarding mutual patients. He was beyond kind, respectful and caring to all whom he worked with—staff, other physicians or his patients. He will be missed and will forever be the role model who emulated the best qualities of a physician.*

“ *I am so saddened to hear of Dr. Machado's passing. My late mother was diagnosed with an autoimmune disease that affected her kidneys and Dr. Machado was her nephrologist. She absolutely adored him! He was always so kind to her. Her condition made her weak and after one visit she fell in the parking lot and I could not pick her up. The office had just closed for the day. I banged on the door so someone could help me and he came running out and just lifted her off the hot pavement like a superhero! We were so grateful for him. My heartfelt condolences go out to his family and friends. He was a wonderful man.*
