“ As you are laid to rest, Jerry (Dad), we know in our hearts the man, father, and friend you were to everyone in your "extended" family. We will never forget the love and compassion you had for our mom, Barbara, and the Shreeve siblings and their families. Everyone called you grandpa as you were loving and caring for each one of us! You were always there for us, even in the most difficult of times. We loved you and you will always be in our memory. Love you, Mike and Chun

“ I will miss you forever Uncle Jerry but I will always remember our hunting days at dads. Walking together out in the dark to our blinds, you were having respiratory problems and had to keep stopping. You always told me to keep going and you would be fine but I never left you, we kept going together but now you had to leave me. Now to heaven you will go, at my daddy's memorial you grabbed me and hugged me tight. I will never forget you nor the times we shared but I hope that when you get to heaven you can give my dad the hug we shared. I love you.

“ I'm going to miss you, Uncle Jerry. The world isn't quite as bright knowing you are not in it. You were a great and loving Uncle who Inwas proud to call Uncle. You always made us feel loved and special. You were always happy and smiling and funny. You built a pond for all of us to swim in. Those days at the pond brings many happy memories to me. My dad is going to miss you a whole lot. You were his anchor. I told my husband you guys were more like twins than just brothers. I wish there were more men like you in this world. I felt honored that Tena was able to give you my message before you left. I'm going to miss you. I love you, and will see you again one day in heaven. Love, Karlene
