“ I had the Honor of having Mrs. Halsey as one of my Teachers. She was the instructor that was gentle and kind. Our other teacher was Mrs Yankowski, we all loved her too but she was more like a drill Sargent the two of them worked well. I learned better under Mrs Halses kind patient ways. I remember asking Mrs. Halsey to help me with a patient that needed to move to a commode to have a BM . She was so proud to have some much needed new nursing shoes and clean laces. Mrs. Yankowski made sure us students all had clean polished shoes daily with clean laces. Well when Mrs Halses helped to pivot transfer the patient I had, the patients bowel movement landed right on her new show. I refrained from gasping...Mrs Halse was so calm and just proceeded to help finish patient care, then took care of her new show. We all had a good laugh later and graduation. It was a great 2 years with her will never forget her! Class of 1985 BOSES
