“ I had the honor of meeting Betty about 2000. We moved to Water Oak in 2006 and became her neighbor. About 2 years ago we became friends and spent time running errands, grocery shopping and going to breakfast and lunch. I will miss her calls to me of let's go get the mail and take Precious (her beloved dog) to do her business. They would pick me up in her golf cart and off we would go many times just riding around the community to check out what was going on. I will miss you friend but I know you are in a better place. Thank you for being my friend.
