“ *Mr Aley taught me at Chester High. He often referred to me as his "best student". He recommended me for the Scott Paper Drafting award which I later won upon my graduation. He was a good man and a great teacher and he will always be remembered by me. You and your family have my sincerest condolences...the world has lost a great teacher...one of few that really cared....*

“ My condolences to all family members. I was a student of Mr. Aley's at Chester High 1978-1979, he was a great teacher and mentor. Always quick with a joke or an interesting story but was very firm when it came to getting work done. One of his favorite expressions was "Our Profession" when talking about drafting and I enjoyed and looked forward to every minute in his class. As a matter of fact I believe his stories of his time in the Navy is what lead me to join as well. Thanks to Mr. Aley I was able to obtain a skill that has allowed me to make a good living for my family. Please feel free to contact me. Thank You.
