

Lynn Earl Bellow

July 23, 1937 - April 17, 2021

On April 17, 2021 Lynn Earl Bellow passed on in peace to his eternal home surrounded by family, at the age of 83. Born to Harrison Benjamin Bellow and Lillian Evangeline Sloper in Syracuse, NY. Lynn grew up in Fernwood, New York with his three brothers Donald, Charles and Glenn where he learned to work hard and laugh often. Lynn provided for his family by working 32 years for the NYS D.O.T. He won the 1989 Region 3 snowplow competition and had the jacket to prove it! Lynn loved camping and traveling around the US with his family. He was a great mechanic and loved tinkering in the garage. Lynn married Paula Stevenson in 1959 and they had six children together; Cindy, Timothy, Paula, Thomas, Tracy and Betty Jo. Lynn married Joanne Halsey in 1972 and they spent 49 loving years embracing life together with their children John, Joanne, Jennifer and Jason. Joanne and Lynn had many great chapters in their life. Through exciting and challenging times, they always made the most out of it. Lynn loved God, pie, and was grateful every day for his family. Lynn's most proud achievement was his beloved 10 children. The greatest gift one can pass on is not material things, but rather a legacy of character and faith. Lynn loved his children unconditionally and instilled independence, a zeal for adventure, humor and faith. Lynn leaves behind numerous grandchildren and many great grandchildren who cherish him. Although Lynn endured Parkinson's disease for years, he was always content and showed his true character while experiencing life's last adventure. No matter the hardship, he still strived forward with humor, hope and faith. He will be greatly

missed by many. To everything there is a season, a time for every purpose under heaven, Ecclesiastes 3;1. In lieu of funeral services and to honor Lynn's character, we ask that all who wish to participate donate to your local Church in July, on the anniversary month of his birth.

“ *My husband was diagnosed of Parkinsons disease 2 years ago, when he was 49. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Sifrol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with reality. Suspecting it was the medication I took him off the Siferol (with the doctor's knowledge) and started him on PD-5 natural herbal formula we ordered from AKNNI HERBAL CENTRE, his symptoms totally declined over a 3 weeks use of the AKANNI HERBAL Parkinson's disease natural herbal formula. He is now almost 51 and doing very well, the disease is totally reversed! (Visit w w w.aknniherbscentre .com)*

“ *Uncle Lynn was so wonderful every time we saw him. His vest for life was admirable. I will always remember the time he came over to my father's house in Altmar, my car wouldn't start, dad was not in town, I was clueless, I needed to get back to college in Rochester that day. Uncle Lynn to the rescue. What a man. He will be missed.*

Kelly, Bryce and I send our love to the entire Bellow family.

“ My time spent with Lynn was special to me . I was new at the NYS DOT and he took me under his wing told me the ins and outs , he took the time to teach me how to drive a dump truck then a snow plow and was one of the best drivers I ever knew. He showed me how to drive in blinding snow and we spent a lot of years together in a plow , those things he taught me stayed with me all my 30 years at the DOT he was very kind man and a fun guy to be around .He told me I would retire from the DOT,I told him the way this place was run I would be looking for work within 5 years ,but I was wrong and did retire he knew what he was talking about , I hold those memories dear to me and I will miss him .. “ Whenever Dad would come to visit he would leave a box of russle stovers candies in my dresser. Sometimes its just the little things we cherish. Everyone knows "Ice cream, candy and gum; rump a bum bum". Probably will still be singing it when I am 83.
