“ Dear Bill and Ana-- We admired and thought so much of your Mother. She was a feisty and interesting woman---way ahead of her time. I loved talking with her! Our deep sympathy on your loss. It's so difficult to lose a parent--no matter what their age. Love to you both-- Grandma and Grandpa Bond

“ Peg will always be remembered by me as one my dearest friends here at LPS. I continued to marvel at her remarkable memory and particularly when she would come to my apt., these past 2 months to console me ! First she had to rest because she was so short of breath and then our conversations would begin. She would recall an event, recall a name or a memory of our Mansfied, Ohio, which always would astound me ! Peg's memory was remarkable. I shall conntinue to love her as I had told her many times. In my mind she is not really gone only resting in a safe place.
