“ I met Margie when I was working for Home Instead. What I remember most was how incredibly sweet and loving she was. I would make a meal for her provided by her daughters. But she wouldn't eat unless I would share her meal so I did.

We talked about flowers while we sat in her breezeway and she asked me if I saw the Angel riding a dragon and I said yes. She smiled because she knew I didn't see it. I am so happy I got a chance to say goodbye...thanks Pam.
