Obituary of Marian Sanford

Marian (better known as Honey) was dearly loved by all who knew her. She was fun loving, kind, hard working and loved to garden and entertain. As a child, she grew up Warwick and later on after HS, started a career in NYC, NY. She eventually married Sandy and moved to Manhattan, whereby they worked and lived during the weekdays and traveled up to their charming cabin in Warwick every weekend. You could always find Marian working in her garden, visiting her brother Dave in the barn milking cows or taking a walk up and down the long road leading to the top of the hill. This place was Marian's heaven on Earth. Although Marian never had any natural children of her own, she was deeply loved by her 3 step children. Marian and Sandy later retired to Lady Lakes, Florida, where they lived a wonderful life together. Marian's love of her life, Sandy, departed 13 years ago, Marian never stopped talking about him since. Four years ago, Marian entered Mission Oaks Assisted Living facility in Lady Lakes, FL., where she became the Ambassador of welcoming guests and keeping everyone entertained. A heartfelt and tremendous thank you to everyone at Mission Oaks who adopted Marian into their hearts and made her feel like family. Her family is eternally grateful for the love and care she received there. Marian will always be remembered by the title of her favorite song by Peggy Lee "Is that all there is my friends, then let's keep dancing". For anyone interested in making a donation on Marian's behalf, a

kind gesture can be made in her name to Moffitt Cancer Center Foundation-
GU Program, 12902 Magnolia Drive, Tampa, FL. 33612

“ *Mrs. Marian was my mom's, Pat Crenshaw, next door neighbor at Mission Oaks from the first day Mom became a resident three and a half years ago. We met Mrs. Marian that first day and she made Mom feel so at home. I will remember her beautiful smile and her pearls. She was such a joy to be around . I will truly miss seeing her during visits with my Mom.*
