“ I am sorry to hear of Jean's passing. I met her when we lived on Oak Lane and soon became friends. Our daughter was involved in dance (which her grandma had no interest in) so Jean always attended the dance functions as her grandma. We have lost a friend. Ann & Nikki Cotner

“ I have so many amazing memories with my Grandmother! In my childhood, would go to the beach every Wednesday and Saturday during the summer, come home and make tuna fish sandwiches, play a few games of "spider" with dominos, while eating a bowl of ice cream with chocolate syrup together. Then I would sit in her lap and watch the reruns of the Golden Girls until I fell asleep. Not to mention the fun weekends at the lake house with boating and going to the Locks. There are so many more wonderful memories. I am so thankful that Grandma was such a big part of my life at such a young age through the present. I am so lucky to have that time with her. I will miss picking up the phone and hearing her voice. I know she is in a much better place reunited with Grandpa. Grandma, I love you and will miss you so much. Tell Grandpa "hello" for me.
