*I can't begin to share memories of our friendship for the past 12 years. We became instant friends and were together most of the time. We traveled, went on Cruises, Gambled, played bingo, and intertwined with our families. She was there for me during operations as I was there for her. I will miss my friend every day of the week, All I had to do was call her, and off we would go or vice versa. Since she passed the first thing I think of is calling her and saying... "what's on the agenda for today". Until we meet again my friend. RIP. Love You.*
