“ *I have fond memories of Max from Anacostia in Washington, DC. How sad that I now discover that he lived a short drive from where we now live in Florida. My deepest sympathies to the family.*

“ *Marilyn, we were so sorry to hear of Max's passing. I think of the time I got bit by a spider and Max took me to the ER... Wayne was fishing. I was making peanut brittle that day and you were going to finish it for me. I set the hot pot on a clear acrylic cutting board. The board melted to the pan..you didn't notice the cutting board...set on your stove and the acrylic cutting board caught on fire. Also good memory of going to Mill Mountain Theater with you and Max to see the show of how the Rescue Mission came to be. Max was a great friend an person. We have great memories of him. Love you,  
Wayne & Karen*
